

# OPTAIN

Optimal Strategies to Retain  
Water and Nutrients

## Welcome to OPTAIN Newsletters

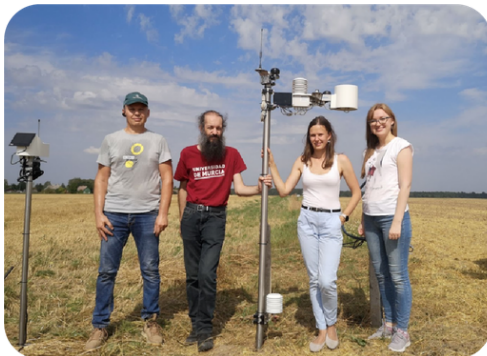

A periodical summary of all the news revolving around the OPTAIN project.  
To find out more about what you can expect next, check our [website](#).

**OPTAIN's Public Reports and Peer Reviewed Articles Provide Deep Insights Into Our Exciting Work**

OPTAIN takes part in the Open Research Data Pilot (ORDP) of the European Commission, increasing the openness and transparency of our research. As part of that, the project partners regularly publish reports, journal-papers, datasets and software, which document individual aspects of OPTAIN's progress in great detail.
